April 14, 2008

Dear ASA Parents,

Every year around this time, the ASA Board in concert with the Staff looks at the projected student enrollment for the next academic year to determine how to best meet the needs of the School. What we are seeing is a greater demand in the Montessori Early Childhood Education program (MECE) and in the earlier grades than we are seeing in the upper grades. This has been the trend ever since we began ASA. This is not unusual in newly-established private schools. In fact it is very important to grow our school from the bottom up. The more we can fill the earlier grades, the easier it will be to grow the school in a fiscally responsible manner over time.

The projected student enrollment for the 2008-2009 ASA school year shows that we will again be strong in our MECE program. Miss Lubliner will again direct this program. We are also excited to offer as our Year One a Kindergarten – First Grade blend to accommodate more incoming kindergarteners. Mrs. Schor will teach this class. Year Two will be a Second – Third Grade blend. There is a possibility that the Year Two class will fill up, which is good news. Mr. Hillhouse will be the teacher for Year Two. Above Third Grade, we only have three students who have indicated an interest in reenrolling next year. Two of them will be entering into the Sixth Grade and one will be entering the Fifth Grade. With these small numbers, unfortunately it does not make sense for ASA to have a Year Three.

Every year, it is difficult to make the necessary changes to best meet the needs of our wonderful Academy, and we realize that not every family's needs are ideally met each year, but we trust that the decisions we are making now will help Agia Sophia Academy maintain excellence in the classroom and in the lives of its students and their families for years to come.

We look forward to serving you next year. If you have any questions whatsoever, please do not hesitate to e-mail me at [dndennis@agiasophiaacademy.org](mailto:dndennis@agiasophiaacademy.org) or call me at 503-641-4600.

Respectfully,

Dn. Dennis Seib  
Headmaster
